

Residential Care Facilities for the Elderly (RCFE) and Adult Residential Facilities (ARF) COVID-19 Cases

Effective July 16, the California Department of Social Services, Community Care Licensing Division has made the following changes to this daily report:

- Active cases, as defined, have been added.
- Cumulative case data will be shown at the statewide, county level, and facility level.
- Active case data will be shown at the statewide, county level, and facility-level.
- Death data will be shown at the facility level.

***Effective November 4, 2020, the methodology for reporting active cases in this report defines a case as “active” if the case is reported as “positive” and not deceased for up to 29 days following a positive diagnosis date. Prior to November 4, 2020, cases with a missing diagnosis date were included in the active case methodology, therefore the number of “active” cases included in prior reports was higher.**

***Effective October 22, 2020, the positive case count is higher (since the start of the pandemic) due to improved de-duplication which reduces undercounting on records with common names.**

***Effective August 28, 2020, this report will only be published on weekdays. Information collected on Saturdays and Sundays will be rolled into the Monday report.**

The figures and tables below represent COVID-19 positive cases at Adult and Residential Care Facilities for the Elderly licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care, unless otherwise stated. This threshold is in consideration of privacy and security concerns for Adult and Residential Care Facilities for the Elderly, which are often private residential homes. Of those facilities, the figures and tables below identify the facilities with eleven (11) or more COVID-19 positive cases among staff and residents or at least one (1) COVID-19 related death, unless otherwise stated. Values of less than eleven (11) are masked (shown as <11) and values that can be used to identify values of less than eleven (11) are also masked (shown as **) in accordance with de-identification guidelines. True values of zero appear as "0". This list is not intended to suggest neglect or wrongdoing on the part of the facility.

Note on Figure 1: The graph in Figure 1 shows the total number of COVID-19 positive cases to date in each county and is separated into a count for staff (represented by the dark green bar) and a count for residents (represented by the light green bar). The county totals represent the numbers for the facilities within each county that have a capacity for at least seven (7) persons in care. Counties with fewer than eleven (11) COVID-19 positive cases among staff and fewer than eleven (11) COVID-19 positive cases among residents for the county as a whole are excluded. The text in the right-hand corner of Figure 1 represents the statewide totals for all RCFE in California.

Cumulative and Active Cases by County

Figure 1: Graph of Cumulative Cases in RCFEs by County*

*COVID-19 counts by county may shift as data is dynamic.

**The Total Positive Cases Statewide represents a cumulative number of reported COVID-19 positive cases for all RCFE in California, including those with a capacity of fewer than seven (7) persons in care and those with fewer than eleven (11) COVID-19 positive cases among residents and staff.

***The Total Related Deaths Statewide represents a cumulative number of reported COVID-19 related deaths for all RCFE in California, including those with a capacity of fewer than seven (7) persons in care and those with fewer than eleven (11) COVID-19 positive cases among residents and staff. The Total Related Deaths Statewide number includes residents and staff from RCFE facilities that passed away at the facility or at another location, such as a local hospital. For that reason, the Total Related Deaths Statewide number may include deaths that are also included on lists from other entities.

Active Cases by County

Note on Figure 2: Active cases are comprised of cases that were diagnosed in the last 29 days and for which no death was reported. The graph in Figure 2 shows the total number of active COVID-19 positive cases for each county separated into a count for staff (represented by the dark green bar) and a count for residents (represented by the light green bar). The county totals represent the numbers for the facilities within each county that have a capacity for at least seven (7) persons in care. Counties with fewer than eleven (11) COVID-19 positive cases among staff and fewer than eleven (11) COVID-19 positive cases among residents for the county as a whole are excluded. The text in the right-hand corner of Figure 2 represents the statewide total of active COVID-19 positive cases for all RCFE in California.

Figure 2: Graph of Active Cases in RCFEs by County*

*COVID-19 counts by county may shift as data is dynamic.

**Total Active Cases Statewide represents the total number of reported active COVID-19 positive cases for all RCFE in California, including RCFE with a capacity of fewer than seven (7) persons in care and those with fewer than eleven (11) COVID-19 positive cases among residents and staff.

Active Cases by RCFE Facility

The table below represents active COVID-19 positive cases at Residential Care Facilities for the Elderly licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care. This threshold is in consideration of privacy and security concerns for Residential Care Facilities for the Elderly, which are often private residential homes. Of those facilities with at least seven (7) beds, the facilities listed in Table 1 have at least one (1) active COVID-19 positive case. Values of less than eleven (11) are masked (shown as <11) and values that can be used to identify values of less than eleven (11) are masked (shown as **) in accordance with de-identification guidelines. True values of zero appear as "0". This list is not intended to suggest neglect or wrongdoing on the part of the facility.

Note on Table 1: The columns representing the changes from the previous day indicate whether the number of active COVID-19 positive cases has increased (represented by "+" and the number), decreased (represented by "-" and the number), or stayed the same (represented by "0"). A decrease from the previous day indicates that one or more staff members or residents no longer meets the criteria for an active COVID-19 case.

Table 1: RCFE Active Case List

Cumulative Cases and Deaths by RCFE Facility

The table below represents cumulative COVID-19 positive cases at Residential Care Facilities for the Elderly licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care. This threshold is in consideration of privacy and security concerns for Adult and Residential Care Facilities for the Elderly, which are often private residential homes. Of those facilities with at least seven (7) beds, the facilities listed in Table 2, RCFE Cumulative Case List, have at least eleven (11) COVID-19 positive cases or at least one (1) COVID-19 related death. Values of less than eleven (11) are masked (shown as <11) in accordance with de-identification guidelines. This list is not intended to suggest neglect or wrongdoing on the part of the facility.

Note on Table 2: Values representing fewer than 11 COVID-19 positive cases or COVID-19 related deaths in the staff and/or resident count are masked (show as <11) in accordance with de-identification guidelines. True values of zero appear as "0".

Table 2: RCFE Cumulative Case List

*The Number of COVID-19 Related Deaths is the number of reported COVID-19 related deaths for all RCFE in California, including those with fewer than eleven (11) COVID-19 positive cases among residents and staff. The number includes residents and staff from RCFE facilities that passed away at the facility or at another location, such as a local hospital. For that reason, the Number of COVID-19 Related Deaths number may include deaths that are also included on lists from other entities.

Adult Residential Facilities COVID-19 Cases

The table below represents active COVID-19 positive cases at Adult Residential Facilities licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care. This threshold is in consideration of privacy and security concerns for Adult Residential Facilities, which are often private residential homes. Of those facilities with at least seven (7) beds, the facilities listed in Table 3, ARF List, have at least eleven (11) COVID-19 positive cases. Values of less than eleven (11) are masked (shown as <11) and values that can be used to identify values of less than eleven (11) are masked (shown as **) in accordance with de-identification guidelines. True values of zero appear as "0". This list is not intended to suggest neglect or wrongdoing on the part of the facility.

Table 3: ARF Active Case List

Item #	Facility Name	County	Total Active Cases Among Staff	Change From Previous Day's Active Cases Among Staff	Total Active Cases Among Residents	Change From Previous Day's Active Cases Among Residents

The table below represents cumulative COVID-19 positive cases at Adult Residential Facilities licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care. This threshold is in consideration of privacy and security concerns for Adult and Residential Care Facilities for the Elderly, which are often private residential homes. Of those facilities with at least seven (7) beds, the facilities listed in Table 4, ARF List have at least eleven (11) COVID-19 positive cases total or at least one (1) COVID-19 related death. Values of less than eleven (11) are masked (shown as <11) in accordance with de-

identification guidelines. This list is not intended to suggest neglect or wrongdoing on the part of the facility.

Note on Table 4: Values representing fewer than 11 COVID-19 cases or COVID-19 related deaths in the staff and/or resident count are masked (shown as <11) in accordance with de-identification guidelines. True values of zero appear as "0".
